

International Shooting Days Huy

Tuesday 12 may – Sunday 17 may

Clothing to bring with you:

Enough clothes for the days you are staying (2 – 3 outfits/day)

Fashion stuff at the house, beachwear and fitness at the swimming pool

Some locations are old factories and could be dirty, bring appropriate clothing that can get dirty.

Absolute minimum: some good fitting blue jeans (may be thorn) or jeans short, t-shirt and/or muscle shirt, sweater with cap/zipper, buttoned shirt (lumberjack or other).

Accessories as much as you want: bandana, leather or fitness bracelet (sweatband), cap, hanger, belt,...

Don't use a suitcase on location but a backpack. Going to the location is not a catwalk.

Other stuff to bring with you

Toiletry kit (towels, washcloth, soap, toothbrush, ...) It's not an hotel but a private house with separate rooms. Bring hair wax if you need it, and sunblock if you are rather pale.

There is a shopping mall on the other side of the river (Pont Père Pire) if you forgot something. Also interesting if you are extremely hungry.

Day planning

Breakfast between 09.00 and 09.30, possibility to make a packed lunch.

Short fotoshoots possible at the house in the morning

If we go to a location: departure around 11.00 in small groups (leaving whenever a group is ready). We don't wait for everybody to be ready.

Back at the house around 17.00, evening meal around 19.00.

Fotoshoots at the swimming pool or at the house (strobe lights provided) in the evening.

Stop at 23.00

Do's and don'ts

The models are expected to work with the different photographers, one or two models for each photographer. After one or two hours (depending on the location) we change the models/photographers combination. Group shootings are possible on some locations.

Photographic styles are portrait, casual, fashion, fitness, beachwear, body, urbex,... No only fans or porno,

No smoking and no vaping in the house. There are ashtrays outside the house.

Only barefoot on the trampolines!

Don't invite people unknown to the organisers to the house.

The small kitchen is a store for private stuff. Models and photographers can place their personal food here. It's not allowed to take food from here that doesn't belong to you.

Respect mealtimes: do not snack during the day to avoid being hungry at mealtimes.

Parking at the house is on the left (>10 cars)

What to expect at the locations

The list is not fixed, a check up of the locations is planned
You can have an idea of the location by googling them.

Interallié and Liège Guillemins: nice vista, very expensive railroad station.
Clean and nice location for casual, fashion and fitness
Parking: at the end of Rue des hirondelles, Liège

Chartreuse: old military camp, not used anymore, lots of greenery and some buildings
Location for body shots (shirtless), jeans and military, Try to avoid loose and oversized clothes here, choose tight fitting ones.
Parking: drive through rue des fusillés, drive up in the parc at rue Thier de la Chartreuse 87-91

Décaperie: old steel factory, some places with red colors (iron and rust dust), rather dark inside. Murals outside on all walls
Location for workwear and jeans (urbex location). Avoid black colors, it doesn't work inside.
A white jeans should work well here, also used clothes. The place is not a fashion show.
Parking: at the end of rue du Ruau, 6250 Aiseau-Presles

Andenne: the river Meuse and the lock, nearby stone quarry
All styles possible depending on the place: casual/fashion at the river, more body/jeans/workwear at the quarry
Parking rue du rivage in Andenne near number 97

Pont Père Pire: from the house to the bridge, walking near the river. The best place is actually just past the bridge.
Casual and fashion, eventually fitness.
